## WORK EXPERIENCE

### Frontend Developer, Designer

@Serverhub | Eonix

📅 2016 - Present

🏠 Remotely

Working as a front-end developer and design team leader, as a team we solve complex problems from choosing the right technology to implementing it, providing users with a fast, responsive and user-friendly interface.

### Frontend Developer, Designer

Freelance

📅 2014 - 2016

🏠 Remotely

Since 2014 I have worked as a freelancer with awesome clients and have launched many projects, one of my favorite was 2do2go. Also worked with some design studios where we're creating design systems for web and mobile.
